## Comments from Mr. Pierre-Jean ALBRIEUX, President of the GFIE :

They are welcome, I am not making reference neither to the new tax expenses, welfare costs nor other varied taxes we have the secret in France. It is right we may have the spirit of citizenship but we will not stretch to greet with open arms and with enthusiasm the counterproductive fantasy of our legislators, so we have to get a balance there! The HO-LI-DAYS are welcome. Let us not think about the new school year in September and use the few days to regain our strength. I have the feeling we will soon need the optimum energy of each our grey cells. Therefore, after a rarely worked month of May, we could have expected an “honest” month of June. It has been generally “flat” with as many optimistic and pessimistic comments but with an uncorrelated and relatively high trust index. Holiday’s proximity must be for something.
